

CHORAL-AIRES

The Board of Directors of Choral-Aires has chosen a member who's first thought when she is doing a task, or organizing a project is always "Is this good for the chorus?" She is very organized, and good at thinking a plan through to see where the pitfalls may be. She is good at making schedules and also loves a good laugh.

She joined the Choral-Aires in 2003, and quickly became involved in helping with Special Events. She has served on the Board of Directors, was Vice President, and then served as President from 2011-2013. She has worked on the Fashion Show, riser transportation, and has worked on the Regional and International Conventions for the past few years. She often sees something that needs to be addressed, and then makes a suggestion on how it could be better or be fixed. She is always the first one to offer to help.

She gives tirelessly to the Choral-Aires. Our thanks to the 2018 Choral-Aires Woman of Note: Nancy Smith
