

# EAST CENTRAL HARMONY CHORUS

***Patti Murphy***

Patti's vision and then hard work made the East Central Harmony Chorus come into existence. She started with only a director and a desire to begin a chorus in Coles County, IL. Through her tireless hard work, she has brought it to fruition. She consistently completed the requirements from Sweet Adelines International so that our chorus was chartered in September 2017, only 1 year and 3 months after our first meeting. Patti has remained cheerful and encouraging throughout this entire process. Her dedication to bringing joy to women through harmony is evident in her attitude, her hard work, and her persistence. Patti is the center pin around which the chorus turns. She does the administrative leadership. We never have to worry about things being done right. They just are. She chaired our first smashingly successful show, she delivers our clothing drive for money, unlocks the door weekly, buys and hauls water, writes successful grants, sings in two quartets and two choruses, is the team leader, assistant director, and is president of our chapter. **Patti is a true Woman of Note.**
