

GREAT LAKE SOUND CHORUS

Wendy Stocks

Wendy Stocks is a woman any chorus would be honored to all one of their own. She has served many terms on our Team. Even though she no longer serves there, her willingness to serve in so many other capacities are unfounded. While serving as the audition chair, she also is a valued member of both the costume committee and the social committee. Her clever ideas serve her well in both of these capacities, but it also allows her to write script to many of our shows and performances. As well as writing, she has the natural ability to win over any audience.

We consider ourselves blessed to be able to count Wendy as "one of ours". She is a fabulous tenor, and like most tenors, she handles all of her tasks with beauty and grace.
