

# SPIRIT OF THE LAKES CHORUS

***Judy Becker***

Judy Becker joined the Spirit of the Lakes Chorus 3 years ago and has been a fabulous addition. She is the embodiment of the word “Spirit” in the chorus name. When you get to know Judy, you realize she is a very busy woman, with many outside activities. You soon find out, that when Judy joins an organization or commits to a project, she gives it her all. That has been very clear at Spirit of the Lakes. She has jumped in with total commitment and has quickly become a leader, not only as a strong tenor, but as an important voice in chorus leadership. Judy brings to the chorus her friendly personality and a positive outlook on life.

Last year Judy was elected as the Communications Coordinator to the management team, where she showed her drive and enthusiasm for pursuing fundraisers. This year she became the Marketing Coordinator and has been actively involved in advertising for shows and chorus brochures. Judy has been a wonderful addition to the team offering fresh ideas and goes the extra mile to achieve chorus goals. She is also the co-chair of the choreography team and often leads the chorus in physical warm-ups and choreography moves.

Judy is and has been a “stand out” member for the chorus. It is with great love that Spirit of the Lakes Chorus selects Judy Becker, our 2018 “Woman of Note.” Congratulations, Judy!
