

WESTOSHA LAKES CHORUS

Susan Moore

Westosha Lakes Chorus is pleased to announce Susan Moore as our Sweet Adeline Woman of Note for 2017. She willingly jumped into action immediately and has already become one of our most valuable members by becoming involved in all of our activities. Susan was recently elected to the board in 2017 for Ways and Means, and immediately started working on fundraising activities to help the chorus. She executed our Second Annual Golf Outing in September, and also participated in several craft fairs to help raise additional funds for the chorus. Whenever the chorus needs something to be done, Susan is consistently the first one to volunteer for that task. Every week she makes sure that the risers are set up and taken down. Susan is also in charge of physical warmups and teaches the chorus a different line dance each week so that we have fun getting ready to sing. She has also volunteered to help with costumes for our upcoming competition in April. Our chorus really appreciates the time and effort Susan puts in to help us with all of our activities, so we are very glad to recognize her as our Woman of Note for 2017.
